

### **Exclusive Portfolio Africa...**

Long name? It says exactly who we are and what we are about.

### **Exclusive**

Because we thrive on being different.

There are so many ways to discover and enjoy Kenya, we look for those special places, those special deals, the activities, the sports that few propose or even bother to know about.

### **Portfolio**

Ours is well furnished.

What does one expect from more than 18 years of life in Kenya?

From the teenager on a budget who wants to really discover what Kenya, Africa can offer, to his parents who want to experience wildlife while enjoying a sundowner at the foot of the Kilimanjaro in a hot tub...

Cycling in the parks with the Maasai? Mt Kenya downhill bike race?

Or just plain cycling to meet the local populations on different terms?

Hiking –with security in the form of an armed guide- from camp to camp surrounded by the big five?

Diving with Whale sharks? Or dolphins? Snorkeling on the world's second biggest barrier reef?

Discovering Kenya or reaching Kilimanjaro on a motorcycling adventure?  
Kitesurfing in far away places with the pros? Paragliding in the rift valley? Rafting? Ballooning over the elephants? Sky diving over the ocean?

Or, as the majority of people, simply enjoying wildlife spotting in a 4x4; We have this also, but we will select camps/lodges others might not even propose, or community projects with the Maasai, Samburu, Turkana...

We've also organized amateur **photo seminars with pros**, created **high end 4x4 adventures** with the **Jeep brand** for example (now a regular client for many of its VIP/incentive programs/packages).

### Africa

Because we live here, by choice.

A continent that has never left any visitor indifferent. The experiences we will have our guests enjoy here will occupy their memories for a long, long time... probably forever.

**We don't have** the activity you're looking for?

We are into sports, a relatively small and therefore mixed community here in Kenya, and as such well connected with all the sporting activities available.

**We'll find it, or create it.**
